

1. Mitochondria; apoptosis
2. Maintained
3. Necrosis
4. False
5. True
6. Proapoptotic
7. Ngf withdrawal; ceramide generation; cytochrome c release; endonuclease activation
8. False
9. Negative feedback
10. True
11. Necrosis
12. Necrosis
13. Negative feedback
14. Postsynaptic cell
15. False
16. Release of inhibitory neurotransmitter
17. False
18. Acetylcholine
19. Astrocytes
20. Glutamine synthetase
21. Blood brain barrier
22. True
23. Negative feedback
